

Vor ref. MBRI

26. februar 2026

To whom it may concern,

As Spar Nord Bank and Nykredit Bank are merging, we are consolidating our international payment infrastructure. This means that our official SWIFT/BIC address will change.

Effective from 7 April 2026, all international transfers to our clients must be directed to the following SWIFT address:

New SWIFT/BIC: NYKBDKDK

Action Required:

Please update your payment systems and templates with this new information to ensure that future transfers are processed correctly and without delay. Please note that payments sent to the previous SWIFT address after this date may be delayed or returned.

Other account details, such as the International Bank Account Number (IBAN), will remain unchanged unless otherwise specified by your business partner.

We appreciate your cooperation in ensuring a smooth transition. Should you have any technical questions regarding this change, please contact your regular bank advisor.

Sincerely,

Spar Nord Bank & Nykredit Bank

Kind regards

March 2026

Confirmation of customer and account relationship

We hereby confirm, that

Alpi Danmark A/S
Fastrupdalen 2
7400 Herning
Business registration number – 15129506
is a customer at Nykredit Bank A/S, and hold the below accounts with us.

Account details:

IBAN	Currency
DK8198738730149566	EUR
DK5998738730149574	NOK
DK1598738730149590	SEK
DK0998738730146400	DKK

Nykredit BIC/SWIFT: **NYKBDK**

IBAN (International Bank Account Number) is not another account number, but an internationally recognized format for validating for instance customer accounts with Nykredit, of which the ordinary account number forms part. The IBAN is only used for cross-border payments.

The use of IBAN makes it possible for the remitting bank to check the validity of the relevant IBAN, thus avoiding additional costs for error correction.

For cross-border payments the sender should state both the IBAN which Nykredit has provided for the account and **Nykredit's BIC/SWIFT (NYKBDK)**.

This document does not otherwise bear any guarantee or other liability except to confirm the existence of the accounts in our books.

Kind regards

Nykredit
